MEMORANDUM FOR: Executive Officer, DDA

FROM: Robert W. Gambino  
Director of Security

SUBJECT: Agreement with the VA and St. Elizabeths  
Hospitals for the Admission and Treatment  
of CIA Beneficiaries

1. Reference is made to your 29 January 1980 routing slip regarding the Office of General Counsel comments concerning the guidelines for implementing an agreement with the VA and St. Elizabeths Hospitals for the admission and treatment of CIA beneficiaries.

2. This Office has no problems with the Office of General Counsel guidelines, but I suggest that it might be prudent to include a senior representative from the office of the individual concerned as a member of the ad hoc committee discussed in paragraph two of the OGC memorandum. In many cases, this individual would probably be the most knowledgeable of the problem.
